

|| **SENTRAL ACADEMIC REPORTS**

OVERVIEW

1. What problem does this module solve?

i All schools are required to create academic reports for student cohorts. The Academic Reports module handles all aspects for creation of formal reports to provide students & parents with formative and summative data on student ability and progress. It provides an efficient, effective and clear end to end solution that seamlessly manages key processes and workflows around reporting. The module is to comprehensive and configurable to your specific school's processes and requirements and integrated to link data form other modules.

2. How does Sentral solve this?

i **The Sentral Academic Reports Module:**

The is highly configurable and allows for personalised student to capture basic or detailed assessment criteria and data for your student cohort.

- Direct access to curriculum statements for rich assessment and reporting
- Automated Markbook integration eliminates double data entry
- Automated continuum integration to report on achievement standards
- Report wizard checks and cleans common errors like gender, full stops, capitals and spelling
- Has seamless integration to the Continuum Tracker, Attendance, Portal, PXP, activities module once assessment criteria are defined.
- Analysis of reporting data to provide insights to improve decision making and individualised instruction
- Publish & distribute reports digitally to parents.
- Provides opportunities for teachers to gather evidence about student achievement in relation to syllabus outcomes to assess skills and define future learning.

3. Who will use and get value from this Module?

i The Academic Reports module will be used by administrative, teachers and/or office staff who handle student's learning and assessment. A deep understanding of current school policies and procedures is essential to ensure data is consistently captured, centralized, transparent for all staff. Reports also benefits the parent and community at large to provide time efficient and information around their child's progress and success at school in an academic, personal and social context. The Reports module integrates with many modules and helps to address student assessment and ongoing learning which may result in managing student behaviours' that impact on learning.
