

|| SENTRAL DASHBOARD

OVERVIEW

1. What problem does this module solve?

i schools communicate to their staff in many ways to keep them informed. The Dashboard handles messaging, notifications and built in widgets for general communication or alerts to staff. It provides an efficient, effective and clear end to end solution that seamlessly manages key processes and workflows for staff communication. The Dashboard is simple and fast to configure to your specific school's communication processes and requirements in a streamlined manner.

2. How does Sentral solve this?

i **The Sentral Dashboard:**

The ease of configuring the Dashboard ensures that the schools can start communication with staff. The School Dashboard can be as basic or as detailed as you like to communicate general school information and updates to staff.

Simple & easy navigation

- A comprehensive one-stop shop for all staff communication in an easy to access manner.
- Gives a dashboard overview of recent messages and widgets that provide relevant information.
- *Quick information about modules-at-a-glance with notifications for staff to alert them about messages and broadcasts.*
- Has seamless integration to the issue tracker, attendance, staff absences, calendar, wellbeing, messaging, meetings and profiles module.
- Ability to have a school and my own dashboard to display relevant widgets.
- Easy tracking on notices, notifications, portal messages and broadcasts

3. Who will use and get value from this Module?

i The Dashboard will be used by administrative and general staff who handle internal school communication. A deep understanding of current school policies and procedures is essential to ensure communication is centralized & transparent. The Dashboard also benefits the parent and community at large to provide time efficient and easy school interactions via widgets made available in Parent Portal.
