

|| **SENTRAL MARKBOOK**

OVERVIEW

1. What problem does this module solve?

i Schools employ multiple ways to manage & record assessment and evaluation of student academic & vocational learning. Markbook module fosters online cohort assessment through tasks, calculations and rubrics to align with learning outcomes and aggregate data. Teachers & faculty heads can grade & evaluate work of evidence-based student learning.

2. How does Sentral solve this?

i **The Sentral Markbook:**

The ease of configuring this module ensures that the schools can start recording assessment tasks and calculations to monitor student progress.

- Simple & easy navigation
- Establish Faculty Markbooks to ensure consistent marking across classes
- Relate relevant tasks and assessment to the curriculum for outcome-based learning
- Easily grade and enter results to display in portal
- Automated Markbook integration eliminates double data entry with direct linkage to Academic Reports
- Utilises built in calculations for class and faculty Markbooks.
- Advanced Markbook with embedded statistical formulas.
- Use rubrics to provide assessment guidance

3. Who will use and get value from this Module?

i The Markbook module will be used by teaching staff and faculty heads who handle student learning and assessment. A deep understanding of current school policies and procedures is essential to ensure assessments and evaluations are centralized & managed. Markbook also benefits the student & parent community who can be notified of assessment results in relation to student learning and achievement.
