# How to set up Sentral configuration to sync with Goalhub

## Overview

Use the information in this section to set up Sentral configuration to sync with Goalhub.

## Steps

1. Select  **Setup** on the menu bar and choose **Integrations**.

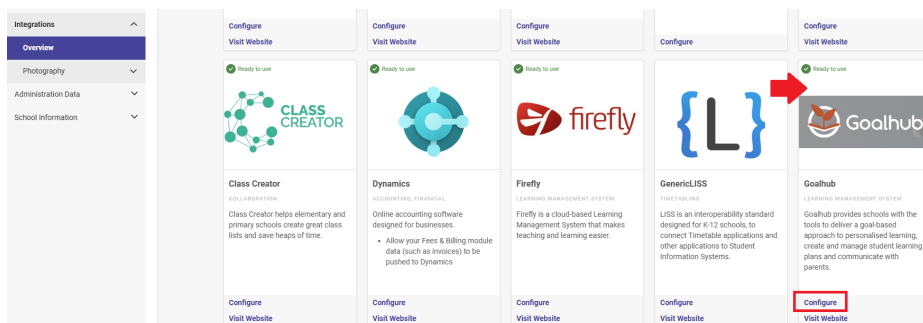

The Data Synchronisation: Integrations screen displays.

2. Find Goalhub in the list of available applications.

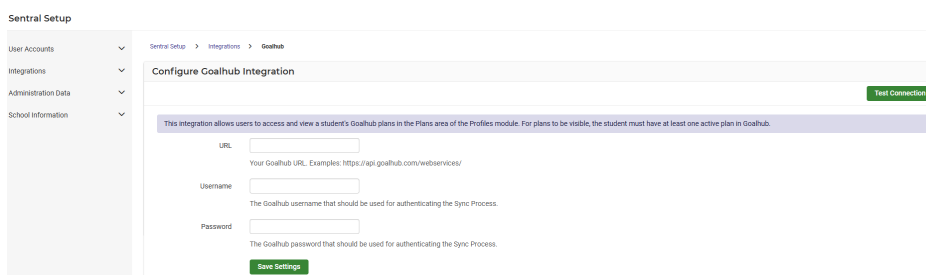

**Warning:** Do not select the Goalhub logo as this will take you to the Goalhub website.

3. Select the **Configure** link under the logo.

The Configure Goalhub Integration screen displays.

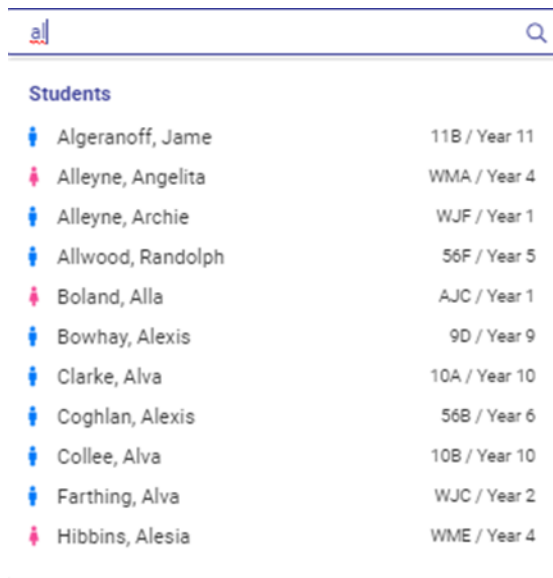

4. Enter the URL, Username and Password provided by Goalhub.
5. Select **Save Settings**. Your Sentral configuration now syncs with Goalhub.
6. You can test the connection by selecting **Test Connection** at the top right corner.

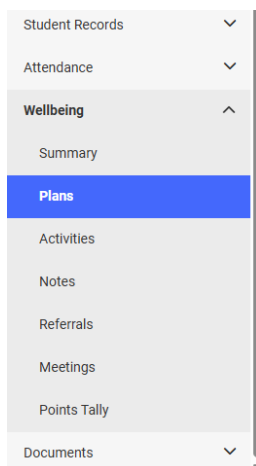

# Where to find Goalhub plans in Sentral

## Steps

1. Select the menu icon  and choose **Profiles** under the Insights group.
2. The Profiles home screen displays.
3. Start typing a student's name in the search box on the right hand side.

4. Select the student whose results you wish to view.  
The Student Profile screen displays.
5. Select **Wellbeing** on the left menu and select **Plans**.

6. The **Plans Summary** screen displays.
7. Goalhub Plans display under the Plans Summary.

**Warning:** Goalhub Plans will only display if Sentral has been configured to sync with Goalhub.
