SENTRAL VISITORS

Customer Segment	Enterprise Schools

OVERVIEW

1. What problem does this module solve?

ℹ️ All schools are required to keep a record of visitors to the school. The Visitor module (in conjunction with the Kiosk module) handles the tracking of visitors/contractors or volunteers electronically. It provides an efficient, effective, and clear end to end solution that seamlessly manages key processes for visitors tracking. The module is simple and fast to configure to your specific school's processes and requirements and will have a reliance on the kiosk hardware currently used by the school.

2. How does Sentral solve this?

ℹ️ **The Sentral Visitor Module:**

The ease of configuring this module ensures that the schools can start recording visitor transactions electronically via a device.

- Simple & easy tab navigation

- Visitor Kiosk provides simple to use self-serve sign in solution for visitors.

- Kiosk management enables authorisation and control over student directed absences.

- Has seamless integration to kiosk module.

- Ability to setup visitor kiosk & print visitor passes.

- Capturing of relevant data points for visitors like WWCC

- Regular visitors process as to one of visitors

- Schools can create specific induction check in

3.   Who will use and get value from this Module?

The Visitor module will be used by administrative and office staff who handle the day-to-day movements of visitors and record keeping. A deep understanding of current school policies and procedures is essential to ensure data is consistently captured, centralised, transparent for all staff.
