SENTRAL WELLBEING

Customer Segment	Enterprise School

OVERVIEW

1. What problem does this module solve?

All Schools are required to track student progress & behaviour to improve visibility and management of their wellbeing. The Wellbeing module handles the ability to monitor and manage student interactions so that students can succeed and thrive in school as it is closely linked to their leaning. It provides an efficient, effective and clear end to end solution that seamlessly manages key processes and workflows for managing student behaviour, learning and progress. The module once configured to your specific school's processes and requirements, provides comprehensive student and school data and can handle complex processes and workflows.

2. How does Sentral solve this?

The Sentral Wellbeing Module:

The ease of configuring this module ensures that schools can start managing and monitoring student behaviour to support the holistic learning for your students. General behaviours or specific students with concerns, can be tracked and monitored so learning experiences are meaningful and valued and shape the education journey for students.

- Simple & easy tab navigation.
- Completely configurable to a school's specific policies and processes.
- Gives a dashboard overview and allows a search or filter action.
- Comprehensive information about any student or cohort wellbeing data to provide a solution focused approach to student welfare management.
- All common data fields come out of the box, allowing schools to easily manage. Details can be quickly and easily updated for an individual student.
- Logical search and filtering functionality with options to monitor student and run reports.
- Integration between modules and visibility over student wellbeing.

3. Who will use and get value from this Module?

The Wellbeing module will be used by all staff with focus on behaviour and learning support staff who handle student wellbeing and learning. General staff have access however may be required to follow school processes and polices. A deep understanding of current school policies and procedures is essential to ensure student monitoring is centralised & transparent.

Wellbeing module also benefits the student & parent community at large to provide time efficient data and reassurance that students needs are highlighted and being addressed.
