# Overview

All schools are required to keep a record of attendance for all students. Sentral's Attendance module manages all absence types and records. Its focus is the top-level attendance of students being present at the school daily. Once rolls are set up and the official attendance period is defined, this module has integration with the following Sentral modules:

- Messaging
- Attendance
- PXP
- Timetables
- Portal.

If your school also uses Sentral's Kiosk module, then it also handles all absence types and records via a device. The kiosks can allow students to swipe on and off for late arrivals, early departure, sick bay, incursions, flexible timetabling and more. See [Kiosk User Guide on the Sentral Help Centre](#).

## Product versions

Your school will have one of the products listed in the Feature availability table below – with the main difference being the Classic versus Indigo user interface. Some differences exist between product versions. These differences are described at a feature level in this guide.

### Feature availability

Attendance	■	■	■

## Role-based permissions

Your access is assigned to you by the Sentral Administrator (Administrator) at your school. They can set permissions at a granular level, and this determines the type of access you have and the functions you can access in the Attendance module.

Administrators and overall managers of Attendance have a different view to general teaching staff and perform various daily and weekly tasks that differ to roll class teachers.

## Access

To access Attendance from the Sentral home screen:

- Select the menu icon () and choose Attendance.

---

# Sentral's YouTube channel

**Video:** Visit our YouTube channel to view the [Attendance playlist for teachers and office staff](#).

## My Settings

**Note:** All staff have access to this menu option.

### To edit your personal settings

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Under My Settings in the right pane, select Edit.
3. In Edit My Settings, do any of the following:
4. Sort the student list by surname, firstname, gender, year or roll class.
5. Specify the results per page display.
6. Specify whether to show birthdays, and the student's photo when you hover over their name.
7. Specify whether to show the welcome message that advises you when you have no classes assigned to you.
8. Specify whether to enable the setting to submit rolls on behalf of other staff.
9. Specify whether to enable the use of background colours.
10. Either enter the slip authorisation name to print on slips, or leave it blank if you don't want an authorisation name to display on slips.
11. Select Save.

---

# Absences summary

**Note:** All staff have access to this menu option.

## To view and change the absences summary

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Under Absences Summary in the right pane, select either Today or Yesterday from the list.
3. Select the Year groups you wish to view.  
A list of students' absences is displayed.  
From the Search Results screen, you can select to unlock and modify an absence or select a student and go to their Attendance home screen.

# Unsubmitted rolls

## Overview

Use the information in this section manage roll submissions. This is critical to ensure student attendance is reported accurately and SMS/email messages can be sent to parents.

**Note:** You will only have access to this function if you have executive or admin access.

## To manage unsubmitted rolls

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Select the link under Unsubmitted Rolls in the right pane.  
The Recent Roll Submissions screen displays.
3. Use the link on the top right to switch views between:
  - Show roll classes with unsubmitted rolls.
  - Show all roll classes.

**Tip:** This helps you follow up and ensure rolls are submitted and data is exported to a government system.

---

# Evacuation summary

Use the information in this section to create a report listing all students who are currently absent or partially absent from school, as well as staff and visitors.

**Note:** Front office and administration staff have access to this menu option.

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Select Evacuation Summary in the left pane.  
The report is generated.
3. Either view the report in your browser, download, or print it.

# Roll status

**Note:** Front office and administration staff have access to this menu option.

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Do one of the following:
  - a. Select the Roll Status link in the centre of the screen.
  - b. Select Attendance Administration in the left menu and choose Roll Status.
3. Do any of the following:
  - a. Under Roll Submissions, view all the rolls that have and have not been submitted in any given week.  
The cross (X) denotes rolls not submitted and the circle () indicates that a roll has been submitted.  
Use the arrows or date picker to browse and view information for different weeks.
  - b. Under Absence tallies, view the list of Explained and Unexplained Absences for the week for the whole school.
  - c. Select Print Rolls under each day's date to print the roll for that day.
  - d. Select the class link to view a whole class roll.  
As an administrator you can edit, un-submit or submit all class rolls. All changes are tracked and recorded in the history logs.

---

# Partial absences

## Overview

Most Schools manage late, early, and timed absences via the front office once rolls have been submitted by teaching staff. Updates to student absences from here, update the roll class as well.

## To complete mobile roll marking

If you have access to marking rolls, use the information in this section to mark the roll on a mobile device.

There are two options for mobile device roll marking:

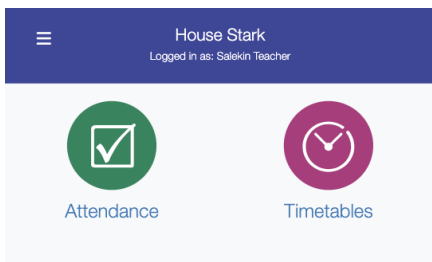

- via the Sentral for Teachers App (coming soon)
- via the Attendance module mobile rollmarking option.

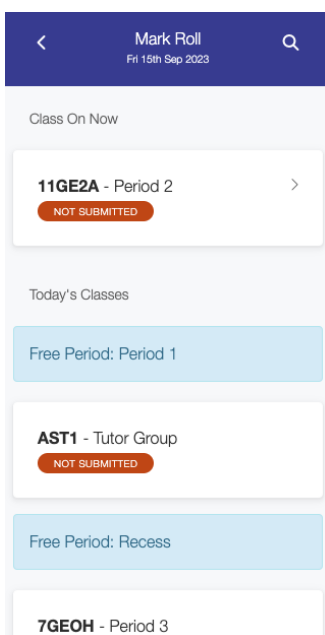

**Note:** The mobile view is only available if you're accessing Sentral via a mobile device. It is not visible when accessed via a computer). You can switch to the mobile view.

1. Select your profile name on the menu bar and choose Go to the mobile site.  
The mobile view has icons for roll marking and the timetable.

2. Select the Attendance icon to access your roll.
  - If you have a single roll class available (i.e. a primary school setup), your class is listed and ready for marking.
  - If you have multiple classes available via period roll marking (PxP), your classes are listed by period.

3. Tap your class to begin marking the roll or continue marking an existing unsubmitted roll.  
All students are marked as present by default.

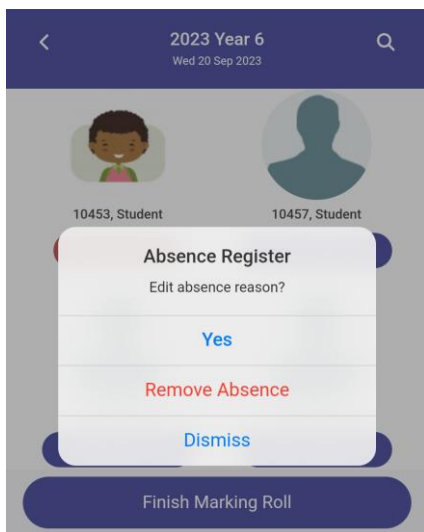

4. Tap Mark Absence to mark a student absent for a whole day (or period for PxP users).

5. Tap again to do any of the following:

- Remove the absence
- Mark a partial absence
- Add an absence reason.

6. To remove the absence, select Remove Absence.

7. To mark a partial absence or edit an absence:

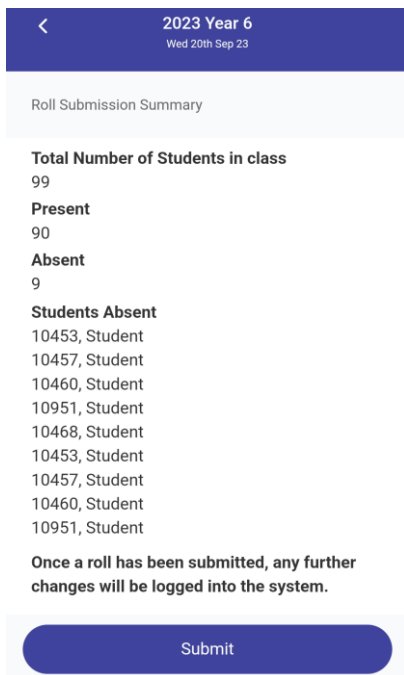

- a. Under Edit absence reason, select Yes.
- b. Under Absence Type, select whether the student's absence is Whole Day, Late, Early, or Timed.
  - i. For a Whole Day absence, select the Absence Status (i.e. Unexplained or Explained) and the Absence Reason. Select Save to return to the roll marking screen and continue marking.

The screenshot shows a mobile application interface for a student named 'Student 10292' on 'Wed 20 Sep 2023'. The 'Explained' status is selected. Under the 'Absence Reason' section, there is a list of radio button options: B - School Business, E - Suspended, F - Flexible, L - Leave, M - Exempt, S - Sick, A - Unjustified, and H - Alternate Education Setting. At the bottom, there are two buttons: 'Save' (dark blue) and 'Cancel' (white with a blue border).

- ii. For a Late, Timed, or Early absence, enter the time. Select Save to return to the roll marking screen and continue marking.

The screenshot shows a mobile application interface for a student named 'ANDERSON, Annabelle' with the note '111 - Late arrival at school'. Under the 'Absence Type' section, the 'Late' option is selected. Below this, the 'Time' section shows 'From' and 'To' fields with time pickers set to '9:30 AM' and '10:30 AM' respectively. At the bottom, there are two buttons: 'Save' (dark blue) and 'Cancel' (white with a blue border).

- 
8. Once you've finished marking the roll, select Finish Marking Roll.  
The Roll Submission Summary displays.

9. View information on the Roll Submission Summary screen.
- If information is correct, tap Submit.  
The Mark Roll screen displays and the status shows as submitted.
  - If information is incorrect, select Back (⏪), edit the roll, and then tap Finish Marking Roll.

## To set up a travel route and method

### Overview

There are two considerations:

- Travel method  
Travel methods define the way a student travels each day.
- Travel route  
Each travel method is assigned to one or more travel routes.  
Routes can be assigned to also include other routes. This is useful in the cases where a travel route is on the way to other routes.

**Note:** Each travel method can be assigned to one or more travel routes. The combination of a travel method and route makes a roll.

### To add a new travel method

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Select Travel in the left menu and choose Route Setup.  
The Travel Methods and Routes screen displays with the Getting Started tab selected.
3. Select Add.  
The Add Travel Method screen displays.
4. Enter a name for the travel method and select Save.  
The travel method displays as a tab – without any routes attached.

### To add a new route

1. Select the menu icon () and choose Attendance.  
The Attendance home screen displays.
2. Select Travel in the left menu and choose Route Setup.  
The Travel Methods and Routes screen displays with the Getting Started tab selected.
3. Select a travel method tab.
4. Select Add a new route.  
The Travel Route screen displays.
5. Enter a route name – noting that the selected travel method displays next to this field.
6. Specify whether to include the travel route by default on the daily roll print-outs.
7. Do one of the following:
  - a. To include another route in rolls for this route, select Add route and choose an option from the list.  
This is useful in the cases where a travel route is on the way to other routes.
  - b. Go to the next step.
8. Select Save.
