**Version** 24.2.2-p1

**Release date** 23/4/2024

## Student Profiles

### Issues resolved

- **Attempting to access a student's summary screen using Profiles V1 would result in an Exception error**

**Version** 24.2.2-p2

**Release date** 24/4/2024

- **Internal**

**Version** 24.2.2-p3

**Release date** 26/4/2024

- **Added functionality to check a school's time zone and adjust suspensions to NSW time zone before submitting a suspension**

This change affects NSW DoE schools on the SAIS data service who follow a non-NSW time zone.

**Version** 24.2.2-p4

**Release date** 2/5/2025

## Sentral Setup

### Issues resolved

- **Sentral Setup: Emergency contacts are being included in the setting 'Ignore non-residential guardian contacts'**

**Version** 24.2.3

**Release date** 6/5/2024

## Academic Reports

### Improvements

- **Layouts | Attitudes to Learning Graph: Added a separate style for the teacher name**  
This will prevent the teacher name being hidden by the background colour.

### Issues resolved

- **VET Stage 6 Course outcomes in Hospitality Curriculum Framework were duplicated**
- **Printing reports was generating a 500 error in some circumstances**
- **Achievement breakdown component caused a report printing error in preview mode**
- **Overall Mark component: Reports failed to generate when the Brigidine College Randwick custom style was selected**

## Activities

### Issues resolved

- **Error on syncing activities from school bytes**
- **Parent contact details were missing in the activity permission slips**
- **Student information was misaligned in the mark roll student list for an activity**

## Analysis

### Issues resolved

- **Analysis: Grammar & Punctuation NAPLAN data was not showing using Proficiency Standards**
- **Graphs were unable to be downloaded in either png or jpeg formats**

## Attendance

### Issues resolved

- **Advance student search generated an error when displaying results using ALL filter**
- **The Official Record of Attendance report was not able to be generated for previous years**
- **Future absence requests were sorting incorrectly when displaying results per page**  
Attendance | Notification | Future absence requests | Approved
- **Student photos were showing incorrectly on interactive rolls**
- **Letter to parents option called 'Ignore absences that have received SMS/email alerts' was not being respected**

## Fees and Billing

### Issues resolved

- **Refunds [NSW DoE]: Refund could not be processed when the Request Reason was greater than 250 characters**  
This issue affected NSW DoE schools only.  
When requesting a refund through the Parent Portal or Payment Register, the Request Reason field is now limited to a maximum of 250 characters.

## Plans

### Issues resolved

- **Printed version of Health Care Plan was showing expired medical conditions**

## Portal Console

### Issues resolved

- **Parents incorrectly received push notifications for whole day absences while the setting was switched off in the Attendance module**

## Sentral Pay

### Improvements

- **Sentral Pay: Adjusted automatic daily Ezidebit disbursement/settlement sync to retrieve details of payments from the last 14 days**  
This sync was previously retrieving details of payments from the last 7 days.  
This change applies only to schools that integrated with Ezidebit for online payments.

## Timetables

### Issues resolved

- **When composite classes were published as part of a daily data set in a multi-campus data file, the composites may not have been correctly linked depending on the order of the lessons within the file.**
- **Student unavailabilities were not taking into account multi-campus timetables**
