

Service Release Notes

Version 26.1.2
Release date 09/03/2026

Core Platform

Issues Resolved

- **The Medical Alert flag will now also be applied to students who had medical conditions that didn't contain a severity value**

The Medical Alert flag now properly applies to every student with any medical condition

Admissions

Issues Resolved

- **The dropdown for Roll Classes on the application form now shows the correct roll classes for the selected Entry Year**

Attendance

Improvements

- **Added a School Response to Notify Teacher functionality for Future Absence Requests**
- **Importing absences now supports larger file sizes up to 256MB**
- **Notification responses can now be filtered by calendar year to improve page performance**

Issues Resolved

- **Moving students on Travel Rolls now updates correctly on the first attempt**
- **Early leaver students no longer appear on the Emergency Roll**

Core\Data Sync

Issues Resolved

- **Roll Classes: Access to the Manage Students screen is now blocked for the 'No Roll Class' roll class**
This roll class is for system use only, so staff now see only the screens that apply to active roll classes
- **Core: Updated importer for new media consent fields for EduhubSIF**

Daily Org

Issues Resolved

- **Variation Calendar now loads faster**

Dashboard

Issues Resolved

- **Turning off Sync to calendar on an activity now removes the related calendar entry**

Enrolments

Improvements

- **The Address Collection export now shows the correct column headers**
The 2026 Address Collection upload introduced new header labels, and the export has been updated to match these changes

Issues Resolved

- **The Teacher Relationship field is now included in the Enrolment RollClass API**
- **The contact permissions for a contact are no longer removed if the contact is removed and re-added back into the same household**

Fees and Billing

Improvements

- **Cost Centre values can now be set to show or hide in Activities. This controls whether the Cost Centre values will be available for selection when activities are published to the Parent Portal**
 - To show or hide the Cost Centre values navigate to Setup | Fees, Billing & Payments Setup | Cost Centres, select a Cost Centre value and then choose to Show in Activities or Hide in Activities
 - Cost Centre values currently set to Show in Fees are set to Show in Activities by default For independent and ACT government schools only

Issues Resolved

- **The Link to Activities dropdown in Standalone Invoices is no longer empty after adding a second invoice line item**

Health

Issues Resolved

- **File attachments to sickbay entries in Health and School Attendance now work as expected**

Interviews

Issues Resolved

- **When one parent books siblings from the same class, both parents can now see the full booking session details for all siblings**

Issue Tracking

Issues Resolved

- **WHS tickets now save correctly when no risk rating is set**

Messaging

Issues Resolved

- **The automatic absence notification dispatch process now runs correctly, so messages no longer get stuck in awaiting dispatch**

Plans

Issues Resolved

- **The Activities list on the right side of a plan now shows only one instance of each activity**

Portal Console

Issues Resolved

- **Activity permission slips are no longer missing emergency contact information**
- **Activity descriptions now display consistent spacing across all areas of the system**
- **Future parents no longer receive feed items that are not targeted to them**

Report Writer

Issues Resolved

- **Saving a Preset Report as a new report no longer overwrites the original Preset Report's filters**
The system now keeps the original filters intact and applies the new filters only to the new report

Staff Absences

Issues Resolved

- **Allocating certain staff members as a cover teacher for a staff absence record no longer causes an error**

Wellbeing

Issues Resolved

- **Schools can now export reports when Tally Levels are set by School Year**
- **Suspensions now save correctly when a student has a formal caution**
For NSW schools only
