- **Internal**

Version 24.5.3

Release date 26/8/2024

Academic Reports

Issues resolved

- **Review status did not correctly reflect staff class statuses**
Academic Reports | Review | Teachers
- **Certain custom cohorts were not displaying under All Classes**
- **Student photo component: The No Student Photo setting was not being respected**
For students without photos, the silhouette would still print.

Analysis

Issues resolved

- **Added import functionality for the ACER PAT Grammar and Punctuation test**
- **NAPLAN results were displaying bands instead of proficiency levels for Victorian schools**
NAPLAN data from 2023 onwards will display results as proficiencies instead of bands
- **The upload box was not displaying for the ICAS upload**

Attendance

Issues resolved

- **Printing: The Official Record of Attendance roll was printing differently to how the classes were displayed on-screen**
Classes are now displayed on the screen in order in rows rather than columns and therefore will now print in the same order
- **Student attendance percentage was displaying as 100% at a time when the student was not enrolled**

Fees and Billing

- **Debtors Register: The 'Email statements' option was sending incorrect statements**

Integrations

Issues resolved

- **CANVAS: It was not possible to use the 'Get SIS Import files' function unless an API key was configured**

Messaging

Issues resolved

- **Some merge fields were not being populated when automatically sending messages regarding PxP absences**

Timetables

Issues resolved

- **An error occurred when attempting to bulk print student timetables with Print One Timetable Per Page set to No**

Wellbeing

Issues resolved

- **Repeated automatic notifications regarding award nominations were being sent**
The process for managing situations where award nominations cannot be sourced due to changes in the rules governing those nominations, has been improved.
- **Referrals: Attempting to access 'Action required' referrals resulted in an error for some schools**
