

Service Release Notes

Version 25.1.1-p1

Release date 27/3/2025

Core\Data Sync

Issues resolved

- **Students were not being removed from Enrolments Classes in the data layer when multiple class sources were configured**

Daily Org

Issues resolved

- **Publishing of Daily Org variations would sometimes get stuck when running**

Enrolments

Issues resolved

- **Staff: Employment status for staff couldn't always be updated successfully**

Fees and Billing

Issues resolved

- **Invoice/Fee Register: Applying the Activities filter would result in an error**

Portal Console

Issues resolved

- **Attempting to access the Completed Family Amendment screen would result in an error**
Portal Console | Amendments | Family Amendment Requests | Completed Amendments
- **Parents from the same household in schools using the Contact Keys system could not view existing student medical records**

Sentral Setup

Issues resolved

- **Two-Step Authentication was not working on bookmarked URLs or URLs that were not the exact same as the school URL**

Visitors

Issues resolved

- **WWVP details were saved successfully but were not retained after editing the visitor's record**
Visitor | Regular Visitors | [selected visitor] Action | Edit

Version 25.1.1-p2

Release date 31/3/2025

Fees and Billing

Issues resolved

- **Sentral Pay Disbursements/Settlements Sync failed to run**
This issue only occurred after a billing run (Billing | Billing) was used to create invoices linked to an activity, and online payments were received for those invoices.

Version 25.1.1-p3

Release date 1/4/2025

- **Internal**

Version 25.1.2
Release date 7/4/2025

Academic Reports

Issues resolved

- **When rolling over an interim reporting period without selecting 'Assessment Criteria', all schema assignments were deleted and not able to be re-added**

Attendance

Issues resolved

- **When term dates existed in the previous calendar year, data was not populated in the official attendance report**
- **Inactive students were displaying as present for Today's attendance on their Attendance screen**
- **Attendance tallies were displaying incorrectly when viewing the daily roll**

Attendance PxP

Issues resolved

- **An error occurred when adding absences to a composite class when the roll was marked as multi-period**

Continuum Tracker

Issues resolved

- **Printing a student report was not displaying strands as achieved or not achieved**

Core\Data Sync

Issues resolved

- **Contacts: The emergency contacts for a student didn't always list in the order given by the CASES data**

Enrolments

Issues resolved

- **Exports: The Australian Residential Status field data didn't account for the Permanent Resident value when determining if the student has Australian Residence**
Student Fee Status will now only be set to 'Y' if the relevant visa entries are found against the student. The Australian Residential Status will no longer affect Student Fee Status calculations.
- **Exports: For certain schools, the NCCD Rollover export generated with no data in it**

Fees and Billing

Improvements

- **Publish to Portal: Added the ability to publish Paid invoices/fees to the Parent Portal**
Paid invoices/fees that are published to the Parent Portal (Invoice/Fee Register | Actions | Publish to Portal) will appear on the Invoices screen in the Parent Portal with a status of PAID.
- **Debtor Invoices: Display total amount allocated in Invoices Breakdown Totals section**
For independent and ACT government schools:
On the Debtor Overview | Invoices screen, the Invoices Breakdown Totals section at the bottom of the list of invoices now includes the Total Amount Allocated. This total includes allocations of credit notes, overpayments and prepayments.
For NSW government schools:
On the Contact Overview | Fees screen, the Fees Breakdown Totals section at the bottom of the list of fees now includes the Total Amount Allocated. This total includes allocations of credits and overpayments.

Integrations\Canvas

Issues resolved

- The auto sync task via the Canvas API was removing students

Markbook

Improvements

- Canvas Import: Adding a name into the Name field when it matches the assessment name will now only add the name once

Issues resolved

- URLs in tooltips caused a display issue when hovering over a student flag
- HTML tags were displaying in the Setup | Staff Assignments user interface (UI)

Student Profiles

Issues resolved

- Students: Former students' household information was not displayed on the summary screen

Wellbeing

Issues resolved

- Incident Report: Count by student/incident was not reflecting the correct results
- The Incidents report using the 'At Time' year group filter with the Student Tally was not displaying correct results
- The Award Nomination Progress graph was not accounting for the reset period
