

# Release Notes

**Version** 23.6.1-ST

**Release date** 15/8/2023

- **Reverted SCOUT export change**

**Version** 23.6.0-ST

**Release date** 14/8/2023

## Academic Reports

### Improvements

- **Added the ability to import Attitude Groups when one already exists**  
Academic reports setup | Reporting | Attitudes | Import from reporting period button
- **Added the ability to select All/Select None when creating classes from roll classes**  
Academic Reports Setup | Reporting | Classes | Create Classes from Faculty/Roll Classes | Select All / Select None buttons
- **Achievement Tally component: Added a new setting to this component to restrict display based on cohort size**  
This setting controls the display of the Achievement Tally component based on cohort size, and if enabled, allows for the size of cohort to be defined.
- **The Learning Area Overview and Strands Overview menu can now be hidden on a per-reporting period basis**  
This option applies to Victorian Schools. The menus may be disabled on the Reporting Period screen located in the setup area of Academic Reports.

### Issues resolved

- **Assessment Course Results table: Results displayed beyond the edge of the table and overlapped with student details**

## Attendance

### Issues resolved

- **Reports: The Return of Absences report would not generate if the 'Show only percentage attendance' checkbox was selected**  
Attendance | Reports | Return of Absences

## Continuous Assessment

### Issues resolved

- **An error message would display when users filtered information by year**

## Interviews

### Issues resolved

- **School staff were unable to see attendance percentage information for interviews booked via the portal**

## Plans

### Issues resolved

- **Plans: Health care plans did not print details when 'table' style was used**

## Portal

### Issues resolved

- **A Sentral exception error would occur when users attempted to open a health care plan in the Portal**

## Portal Console

### Issues resolved

- **'Access Key' details were missing in the parent emails generated via Portal Console Setup**

## Sentral Setup

### Issues resolved

- **Added a staff member list with electronic signature status and usage**

Sentral Setup | School Details | Staff Signatures

This screen allows Sentral Administrators to review uploaded signatures and to determine whether the signatures are available for Academic reports and Wellbeing letters.
