

# Service Release Notes

**Version** 23.7.1-ST

**Release date** 27/9/2023

## Attendance

- **An error would display when loading the Student Attendance screen for PHP versions below 5.5**

Attendance | Search for a student | Student Attendance screen

**Version** 23.7.2-ST

**Release date** 29/9/2023

- **Internal configuration changes – no customer impact**

**Version** 23.7.3-ST

**Release date** 3/10/2023

## Core Platform

### Issues resolved

- **Incomplete school address was displayed in the footer of the Access Key email sent via Parent Portal**

## Attendance

### Issues resolved

- **Configuration settings were not being respected, resulting in parents being able to explain old absences after the date was expired**

School Attendance Setup Settings | Automatic Declared to Unjustified

## Attendance PxP

### Issues resolved

- **Selecting the Next arrow  at the top of the Class Period screen would navigate through open classes first instead of chronological order**

Attendance PxP | [Period] | Next arrow 

## Fees and Billing

### Issues resolved

- **Online Payments: Fee/Invoice was still visible in the Parent Portal after an activity's Payment Due Date had passed**

## Markbook

### Issues resolved

- **Calculations linked to outcomes did not display the associated outcomes**

Markbook | Faculty Markbook | [selected Markbook] | Edit button selected

## Portal Console

### Issues resolved

- **Students were unable to view any content after logging in to the Student Portal**

## Wellbeing

### Issues resolved

- **Resetting student levels to a future date was not being respected, with the reset taking effect immediately when it should not**

Wellbeing | Setup | Levels | Effective as of | Reset button
